

Wade through the Aquatic WILD Guide

1. Name four pieces of equipment needed for keeping a classroom aquarium.
2. Describe two ways of locating the Setting for the *Water Canaries* activity.
3. How would you locate the aquatic extension of a Project WILD activity?
4. Where would you look to find a list of indoor activities?
5. The activity guide describes five assessment standards and nine methods of assessment. List two methods. Where did you find them?
6. Where can you locate guidelines for interviewing a community businessperson?
7. Name an activity for high school students that can be infused into an Environmental Education class.
8. Name an activity which addresses biodiversity, land use, and values.
9. List the seven steps to *Taking Action*.
